

## Speakers SVEN MS-2085, 60W Bluetooth (black)

Speakers SVEN MS-2085, 60W Bluetooth (black)

Ref: 6438162020101

SVEN MS-2085 Speakers, 60W Bluetooth (black)

Featuring satellites with 70mm drivers and a subwoofer with a powerful 145mm diaphragm, the SVEN MS-2085 speakers deliver deep sound to fill any room. The frequency range of 45 Hz to 20 kHz and the total power of 60 watts guarantee an unforgettable experience whether playing games, listening to music or watching movies. The equipment supports Bluetooth technology, works with USB drives and SD cards, and what's more, it offers FM radio. The control panel with LED display and the included remote control allow convenient operation.

Excellent sound quality

Delight in sound with exceptional clarity and depth, made possible, among other things, by 70mm drivers. The subwoofer with a 145 mm diaphragm will fill the room with low tones, making you feel as if you are right in the middle of the action. With a wide frequency range of 45 Hz to 20 kHz, the speakers are able to reproduce both low, deep sounds and high tones. SVEN's equipment thus provides a full range of sounds - from gunshots and dialogue, to the rustling of footsteps and explosions. Gaming, watching movies or listening to music has never been so realistic. Indulge yourself in full immersion!

Attention to detail

SVEN MS-2085 speakers are equipped with an easy-to-read LED display that allows you to conveniently monitor the operating status. The

wooden cabinet made of MDF not only looks elegant, but also has a positive effect on sound quality, creating optimal conditions for a musical experience. Also noteworthy are the rubber feet that prevent the equipment from slipping on the surface, eliminating the risk of unwanted vibrations.

#### Multiple connectivity options

The comfort of the SVEN MS-2085 speakers will be appreciated by anyone who appreciates a variety of options. Thanks to Bluetooth technology, you can easily play your favorite songs from your smartphone or tablet. Support for files from a USB drive and SD card gives you full freedom of choice of sound sources. In addition, the built-in FM receiver will allow you to immerse yourself in the world of radio and discover new sonic horizons.

#### Convenient operation

You won't have any difficulties operating SVEN speakers. The set comes with a practical remote control, with which you can manage the operation of the equipment from the comfort of your couch. There will also be a knob at your disposal, allowing you to adjust the bass and a control panel that allows you to manually adjust the operation of the speakers to suit your current needs.
