Sven KB-C7150EL Keyboard

Whether you're passionate about gaming or focused on professional duties, the SVEN KB-C7150EL wired keyboard will enhance your comfort while working at your computer. It features 104 membrane keys, including 12 function keys for efficient operation. Their lifespan reaches more than 20 million clicks. The multicolor RGB backlighting function with adjustable brightness will create a unique atmosphere. In addition, the 1.5-meter USB cable guarantees a convenient connection, and also makes the device look perfect on the desk.

104 keys

The SVEN keyboard is equipped with 104 membrane keys with a life span of more than 20 million clicks. 12 of them are function keys, which will allow you to conveniently adjust the volume level, manage your music player or perform other tasks. From now on, you can enjoy efficiency whether you are listening to your favorite music or focusing on work. In addition, the symbols on the keys have been laser-imprinted to ensure legibility, regardless of whether the backlight is on.

RGB backlighting

With the ability to adjust the brightness of the RGB backlighting, you can create your personalized gaming zone. Unfavorable lighting conditions will no longer prevent you from achieving victory! At your disposal will be the Breathing mode, which will enrich the visual

qualities of your desk. However, the lighting effects that the SVEN keyboard offers go beyond virtual battlefields. You can use the illumination while working or studying in the evening. With the KB-C7150EL, you will not only create the right atmosphere, but also increase your concentration - whether you are fighting opponents or analyzing spreadsheets.

Ergonomic design

The long, 1.5-meter cable allows you to connect to your computer with ease. Say goodbye to problematic driver installation - the SVEEN keyboard connects to your device via a USB port, so it's ready to boost your productivity as soon as you plug it in! Plus, its thoughtful design includes a wrist rest that allows you to maintain a comfortable typing position and minimizes tension.
