

Speaker SVEN SPS-621, 28W Bluetooth (black)

Speaker SVEN SPS-621, 28W Bluetooth (black)

Ref: 6438162018764

Speaker SVEN SPS-621, 28W Bluetooth (black)

Enjoy high-quality sound regardless of the situation. SVEN SPS-621 speakers stand out with an output power (RMS) of up to 28W and provide clear, distinct sound. You can connect to them in 2 ways - using a cable or via Bluetooth. They will also work well during karaoke parties - they have a built-in microphone input. They are distinguished by a wooden enclosure (MDF) that gives them an elegant, classic character. Thanks to this, they will complement almost any arrangement perfectly.

Convenient Operation

On the front of one of the speakers, there is a large knob that allows convenient volume control. It is equipped with stylish LED backlighting that changes color depending on the selected operating mode. Moreover, with the SPS-621, you gain full control over the sound. Knobs located on the back of one of the speakers allow you to adjust the bass and high tones to your preferences - emphasize the most interesting features of your favorite music genres!

Top-Level Sound

Despite their small size, the speakers can provide high-quality sound. They are equipped with 70mm low-frequency drivers and 35mm high-frequency drivers. They are also distinguished by an output power (RMS) reaching 28W and a frequency response of 60 Hz - 20 kHz. All of this allows you to enjoy perfect harmony and a wealth of details - your favorite songs have never sounded better!

2 Connection Options

The speakers support 2 connection options. For example, you can connect them to your chosen device using an audio cable. Prefer wireless solutions? Connect to the speakers via Bluetooth! Now, a few clicks on your smartphone are enough to play your favorite song or podcast.

Even More Features

That's not the end of the possibilities – SVEN speakers also allow you to connect headphones. So, you can listen to music freely whenever you want – don't worry about disturbing other household members. You also have a microphone input at your disposal – invite friends to a karaoke party and show off your vocal skills!
