

### Speaker SVEN PS-425, 12W Bluetooth (black)

Ref: 6438162019624

Speaker SVEN PS-425, 12W Bluetooth (black)

Speaker SVEN PS-425, 12W Bluetooth (black)

Ensure an unforgettable atmosphere at any party. SVEN PS-425 speaker stands out with up to 12W output power and provides great sound quality. It supports various connection methods - including Bluetooth and cable. It also allows you to connect a microphone (not included), making it perfect for karaoke events. It also stands out with its dynamic backlighting, which will help you create a fantastic mood.

#### Various connection options

You can connect to the speaker in several ways. It includes an audio cable, with which you can easily connect your smartphone to it, for example. The device is also compatible with microSD cards and USB drives. Prefer to bet on wireless solutions? Connect to the speaker via Bluetooth and enjoy stable transmission over a distance of up to 10m! Now you have everything you need at your fingertips - just a few clicks on your smartphone to switch a song or turn on a podcast.

#### Built-in FM receiver

Don't have a carrier with your favorite songs on hand? Or maybe you just want to listen to the radio? No problem - the SVEN speaker has a built-in FM receiver. Simply set the desired frequency and listen to the radio stations of your choice wherever you are! You can use the included cable as an antenna.

#### Convenient operation

Enjoy convenient access to the most important information. The speaker is equipped with an LED display that will allow you to quickly check the frequency of a radio station or the duration of songs (when playing from microSD cards or USB drives). There's also a user-friendly control panel, with which you can easily turn on the selected song, change the backlight mode and more. An equalizer function is also available.

#### Have a karaoke party

Do you like to sing? Invite your friends to a karaoke party and show everyone your singing skills! The PS-425 speaker allows you to connect a microphone, and lets you configure the sound level of your voice - just use the built-in control panel.

#### More amenities

The speaker is made of high-quality materials that are pleasant to the touch and very durable. It is also distinguished by a powerful 1500 mAh battery, which provides up to 10 hours of operating time. The device is also very convenient to carry. It weighs only about 1150 g, and is easy to carry with a practical handle. So you can easily take it with you to a party, to the beach or to a barbecue!

#### Create an unforgettable atmosphere

Are you organizing a house party? Or are you going to a barbecue with your friends? SVEN PS-425 speaker will help you create an amazing atmosphere! It is equipped with dynamic LED backlighting, which looks great both during the day and at night. Dance and watch the light dance along with you!
