

## Speakers SVEN SPS-614 40W Bluetooth (black)

Ref: 6438162020262

Speakers SVEN SPS-614 40W Bluetooth (black)

SVEN SPS-614 40W Bluetooth Speakers (black)

SVEN SPS-614 speakers are the perfect choice for those looking for great sound in a compact size. Sven bookshelf speakers have impressive sound capabilities - the total power of 40 watts makes them perfect for medium-sized rooms. Their pleasing minimalist design, enhanced by the adjustment knobs on the side panel, creates a harmonious whole that will fit into almost any interior.

Clear sound without distortion

The solid MDF enclosure conceals two speakers: a low-frequency ( $\varnothing$  100 mm) and a high-frequency ( $\varnothing$  25 mm), which combine to deliver a full range of tones (40 Hz - 22 kHz), providing both deep bass and clear highs. Their total power output of 40 watts means they will easily fill the space of a medium-sized room with high-quality sound. In addition, magnetic shielding allows you to enjoy clear sound without interference.

Several connection options

SVEN SPS-614 speakers stand out not only for their high sound quality, but also for their versatility. With the music source of your choice, you can connect it either via audio cable or Bluetooth. In addition, the built-in headphone jack makes it easy to quickly switch to headphones when needed.

### Elegant design

The sensual elegance of the SVEN SPS-614 comes from its black finish and open speakers, which give it a unique character akin to premium models. These speakers will not only deliver excellent sound, but will also be an interesting decorative element in a space.
