

Photography Shadowless Light Lamp Panel PULUZ 1200LM LED 33.

Ref: 5905316148062

Photography Shadowless Light Lamp Panel PULUZ 1200LM LED 33.3cm x 33.3cm Effective Area

The Puluz LED shadowless lamp base.

The Puluz shadowless lamp is a practical accessory that will find use especially in product photography. The lamp eliminates the problems of shadows when photographing various subjects, while reducing the time of later photo editing. It offers 3 light modes and 10 brightness levels. It is compatible with many shadowless tents and tripods, and the remote control integrated into the cable will make it easy for you to use.

Lighting to suit your needs

Whether you're working on a professional photo shoot, streaming live, or simply need additional lighting in your office, this lamp is ready to meet your needs. It features 160 high-quality light beads that provide a brightness of 1,200 lm. This allows you to achieve professional lighting effects when shooting or recording, while eliminating unwanted shadows! There are also 3 lighting modes and 10 brightness levels at your disposal, which you can conveniently adjust using the remote control integrated into the cable.
