

Filters Freewell Bright Day for DJI Mini 3 Pro / Mini 3 (6-P

Ref: 6972971860379

Filters Freewell Bright Day for DJI Mini 3 Pro / Mini 3 (6-Pack)

Set of 6 Freewell Bright Day filters for DJI Mini 3 Pro / Mini 3

Freewell Bright Day filters are ideal for DJI Mini 3 Pro / Mini 3 drone owners who want to get perfect photos and videos in different lighting conditions. The set includes 6 filters: ND4/PL, ND8/PL, ND16/PL, ND32/PL, ND64/PL and CPL, which provide excellent image quality even in strong sunlight. ND/PL filters combine the functions of ND (neutral) and PL (polarizing) filters. ND filters allow you to control the amount of light reaching the camera's sensor, while PL filters eliminate glare and improve color saturation. By combining these features, the Freewell Bright Day filters provide excellent image quality in all lighting conditions. You'll also find a CPL filter included, which will help effectively reduce glare from surfaces such as water or glass.
