Filters Freewell Everyday for DJI Air 3 (3-Pack)

Filters Freewell Everyday Set for DJI Air 3 (3-Pack)

Capture the best shots with Freewell Everyday filters. The set is dedicated to DJI Air 3 and performs well under various lighting conditions while filming and taking photos. The UV filter enhances photo sharpness, while the Snow Mist 1/4 gently reduces contrast and creates a soft halo around bright points. Moreover, the LPR (Light Pollution Reduction) filter reduces the impact of yellow light from lamps and enhances the colors of the night sky. What's more, the lightweight construction does not affect the drone's flight, and the application of special coatings provides resistance to scratches, dust, and oily liquids, for the best image quality.

Included in the set

Filters (UV, Snow Mist 1/4, LPR)

Case

Manufacturer

Freewell

Model

FW-A3-EDY

Compatible with

DJI Air 3

Coatings
dustproof, scratch-resistant, oil-resistant
