Filter Freewell Circular Polarizer CPL for DJI Air 3

Ref: 6972971864117

Filter Freewell Circular Polarizer CPL for DJI Air 3

Filter Freewell Circular Polarizer CPL for DJI Air 3
The Freewell filter is specifically designed for DJI Air 3 models. The CPL (Circular Polarizing Filter) optical filter is characterized by reducing light reflections, improving color saturation and contrast, and also increasing the depth of field. It will be particularly useful in landscape photography, where reflections on water, leaves, or windows often occur. The filter is distinguished by high-quality workmanship and has undergone a series of tests confirming safety for your devices.

For High Quality of Your Photos
The polarizing filter was designed to reduce light reflecting from various surfaces while ensuring color neutrality. It has been covered with a special coating, providing optimal image quality. Your photos can gain even more depth and will delight with a natural, clear image!

GimbalSafe Technology
Freewell focuses on high-quality workmanship and subjects its products to rigorous tests, so you can be sure that your drone will be safe. The filter has an ultra-light frame, which does not burden the device and does not affect its balance.

Protective Coating

Mobilemax - Gadgets and Accessories
Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal

For the best results while shooting outdoors, the filter has gained a special coating, making it dustproof and scratch-resistant. Moreover, the oleophobic layer prevents oily spots and fingerprints, so keeping the filter clean will not be a problem.

Manufacturer
Freewell
Model
FW-A3-CPL
Compatibility
DJI Air 3
Type of Filter
CPL
Optical Coatings
Dustproof, scratch-resistant, oil-resistant

Price:

Before: € 32.4966

Now: € 31.00
