Magnetic Charger McDodo CH-2061 for Apple Watch Magnetic Charger McDodo CH-2061 for Apple Watch

McDodo CH-2061 magnetic charger for Apple Watch

From now on, charging your Apple Watch will be even easier. The McDodo CH-2061 charger allows you to renew your smartwatch's power quickly and conveniently - all you have to do is connect it to the appropriate cable. Thanks to its lightweight, compact design, its storage and portability will not be a problem for you. Multi-level protection combined with the use of high-quality materials ensures maximum security.

Thoughtful design

The charger's lightweight and compact design means you can take it with you anywhere. You can even fit it in your pocket without any problems! Built-in magnets provide a lot of traction, so the smartwatch will stably stay in place. You also don't have to worry about compatibility problems! The charger works great with Apple Watch gen. 1/2/3/4/5/6/SE/7/8/Ultra.

Bet on safety

The charger is made of durable zinc alloy, which is responsible for efficient heat dissipation. This means you don't have to worry about your smartwatch overheating while charging! The CH-2061 is equipped with multi-level protection, which effectively protects against overvoltage, overcurrent and short-circuits, among others. What's more, the charger automatically detects foreign objects on the charging surface and prevents the charging process from starting to avoid potential damage to both the charger and the device.
