Sunnylife case with mount for Insta360 GO 3

Are you an extreme sports enthusiast? Or do you like to document your travels? The Sunnylife case with mount will certainly come in handy for you! With it, you can easily attach your Insta360 GO 3 camera to a bike or car mount to freely record unique shots. The frame is a perfect fit for the camera and ensures that it stays securely in place during any activity. Now you can boldly go on any adventure, knowing that your camera is properly protected and ready to create spectacular videos.

Choose your way of filming

The Sunnylife case is the perfect solution for the variety of filming scenarios you want to capture with your Insta360 GO 3 camera, offering 2 different mounting options - using a 1/4" adapter or a folding tripod adapter. This allows you to freely switch between landscape and portrait modes while filming.
