Are you facing several more hours of car travel and your phone is close to draining? The Foneng C18 car charger is a reliable power source on the road that will provide you with peace of mind and convenience while traveling. It offers 2 USB ports, which it allows for fast charging with a total power of up to 48 watts. It supports QC and PD fast charging protocols, and its wide compatibility means you can use it in almost any car. The built-in real-time display will inform you of the charging values.

Charging faster than you think

Don't wait indefinitely for your smartphone to be ready to use! The Foneng car charger supports fast PD and QC charging, and its maximum charging power reaches 48 watts. This will charge your phone up to 55% in just 30 minutes! What's more, it is equipped with 2 charging ports - USB-A and USB-C, so you can renew the energy of two devices at the same time without any problems.

Robust and durable

The charger is made of durable aluminum, which ensures effective heat dissipation, allowing you to prevent overheating. Its well-thought-out design ensures that it stably stays in your car's cigarette lighter socket even when driving on a bumpy road.
