

## Speaker HiFuture Ripple Bluetooth (black)

Speaker HiFuture Ripple Bluetooth (black)

Ref: 6972576181039

HiFuture Ripple Bluetooth Speaker (black)

Experience sound that delights and inspires. With a 20-watt woofer and 10-watt tweeter, HiFuture's Ripple model delivers exceptional sound. It also offers a built-in Equalizer that allows you to adjust the bass quality to your personal preferences. The durable battery allows for 12 hours of continuous playback, and the IPX7 waterproof rating means you can enjoy your favorite music even in adverse conditions. It is also possible to connect 2 Ripple speakers together to further enhance the listening experience. In addition, the device supports Bluetooth 5.3, which translates into a stable connection over a distance of up to 10 meters.

Reliable sound quality

Balanced audio frequency, output power of up to 30 watts and two-way full-range audio output create a combination that delivers amazing sound. The Ripple speaker is designed to deliver crisp instruments, subtle vocal nuances and balanced treble and bass sound.

A musical feast

Combine two Ripple speakers and enjoy the quality you once only dreamed of! HiFuture devices skillfully adjust and optimize sound, no matter what position they are in. So you can freely set them on a table, lay them on the floor or attach them to a backpack, all the while enjoying pristine sound. Combined with Android and iOS-based devices, the Ripple model guarantees low latency, further enhancing the movie-watching experience.

#### Rugged, refined design

Ripple is a guarantee of excellent sound in harsh conditions. Its rugged design protects against moisture, as evidenced by its IPX7 certification. The HiFuture speaker's housing is made of silicone, which is durable and not susceptible to discoloration or peeling. The device also shows resistance to corrosion. So you can be sure that it will serve you reliably for a long time.

#### Convenience of use

Operating the Ripple speaker will not cause you any difficulties. Using the corresponding buttons, which are located on the control panel, you can, among other things, conveniently turn the device on or off, scroll through songs, adjust the volume level. Now everything you need is at your fingertips!

#### Up to 12 hours of operation

Are you planning a trip? Or are you planning to spend time by a scenic lake? Take your Ripple speaker and enjoy the sound of your favorite songs for 12 hours on a single charge! Such an impressive working time is possible thanks to a powerful 4000 mAh battery. It only takes 3.5 hours to renew the device's energy.

#### Bluetooth 5.3

The Ripple speaker supports the latest Bluetooth 5.3 technology, which translates into an even easier and more stable connection. This means you can pair it with any device, such as a smartphone, desktop computer or tablet, and enjoy great music without interruptions or interference.
