

Action Camera Magnetic Mount PGYTECH (P-GM-220)

Ref: 6976100482340

Action Camera Magnetic Mount PGYTECH (P-GM-220)

PGYTECH Magnetic Mount for Action Cameras (P-GM-220)

Capture breathtaking shots from unique perspectives! The PGYTECH mount can be securely attached to various magnetic surfaces, making it compatible with a wide range of action cameras and smartphones. It also allows for a 360° angle adjustment.

Customized for Your Device

No need to worry about compatibility issues! In the package, you'll find many practical accessories to facilitate the mounting of your chosen devices. This mount can be effectively used with popular action cameras and smartphones.

Create Shots from Different Perspectives

Now you can experiment with various angles and perspectives, creating dynamic and unforgettable shots. The mount allows for full 360-degree rotation, ensuring a perfect frame no matter where you are.

Lightweight and Compact

This mount stands out with its lightweight and compact design. It weighs only 196 grams, so it won't significantly burden your backpack or bag. It is equipped with strong magnets that provide stability, with a maximum load capacity of 300 grams. This makes it easy to attach the mount to various metal surfaces, such as a car hood, refrigerator, or pole.
