

Camera Aluminum Cage PGYTECH for DJI OSMO Action 4/3

Ref: 6976100482418

Camera Aluminum Cage PGYTECH for DJI OSMO Action 3/4

PGYTECH Aluminum Protective Frame for DJI Osmo Action 4/3

Protect your DJI Osmo Action 3/4 and enhance your recording capabilities with the PGYTECH aluminum protective frame. It's easy to install and provides convenient access to the camera's ports. Furthermore, it doesn't obstruct the camera's magnetic components and allows for vertical as well as horizontal mounting. The frame is exceptionally lightweight yet durable.

Thoughtful Design

The PGYTECH frame is specially designed for the DJI Osmo Action 3/4 camera, ensuring a perfect fit and reliable protection. The frame is also easy to install and is made from high-quality aluminum alloy. Additionally, the thoughtful construction of the frame allows efficient heat dissipation for the camera.

Plenty of Possibilities

Enjoy convenient camera operation. The PGYTECH frame won't obstruct your camera's buttons or magnetic components, and it provides easy access to its ports. This means you can use accessories, charge the device, or change the battery without any obstacles. The frame also features a 1/4" threaded hole and a cold shoe mount, allowing you to attach additional equipment such as lighting or a microphone to the camera.
