PGYTECH Suction Cup Mount for Action Cameras (P-GM-223)

Creating breathtaking recordings is now even easier. The PGYTECH mount comes equipped with a large suction cup that ensures stability in almost any conditions. With the dual ball head, you have full control over the recording angle - you can freely rotate the camera within a 360° range. It is compatible with various action cameras such as GoPro, DJI Osmo Action, and other popular models. The dual locking mechanism ensures that your camera is secure even during dynamic shots.
