

Parking heater HCALORY T01(old version)8 kW, Diesel

Ref: 5905316148260

Parking heater HCALORY T01(old version)8 kW, Diesel

Parking Heater / HCALORY T01 Heater

HCALORY T01 is a compact heater measuring 38 x 13.5 x 13.5cm, running on diesel fuel. Its nominal voltage is 12V. With it, you can quickly warm up a garage, car interior, van, truck, or use it to assist in removing frost from windows. The heater is characterized by low fuel consumption, making it environmentally friendly as well as economical. The level of gas emissions is in accordance with the Euro IV standards. With the LCD panel, the user can set a timer that turns the device on or off after a set period. The compact construction of the heater allows for easy and quick transport.
