

Backpack clip mount Telesin for sports cameras (GP-JFM-003)

Ref: 6972860174518

Backpack clip mount Telesin for sports cameras (GP-JFM-003)

The Telesin GP-JFM-003 backpack mount for sports cameras

The Telesin Action Camera Mount allows you to conveniently and securely mount your device on your backpack, belt or bag, so you can record stunning videos from unparalleled perspectives. The 360° swivel allows you to point the lens in any direction you want, and with the folding arm of the mount you can take a fantastic selfie.

Enjoy a new original perspective

Gain a unique perspective and create immersive first-person view footage. Take a stunning selfie against a mountain panorama. Record a one-of-a-kind account of a forest hike. These and many more possibilities await you with the Telesin mount. It's 360° rotatable, easy to assemble and foldable - with its help you will take a lot of surprising shots!

Securely mount your camera

The heavy-duty serrated clip allows for a secure, stable and safe mount. Thanks to it you can be sure that your camera will not move on the backpack strap or fall off it. Compose even the most original shots and do not worry about anything!

Compatible with various types of action cameras

The mount is compatible with a whole range of devices. With its help you will attach to the backpack sports cameras such as GoPro Hero

8, 7, 6 or 5, as well as DJI Osmo Action. It also allows you to mount Xiaomi Yi. The accessory is equipped with a standard GoPro interface - use the available for purchase separately waterproof shell or case to safely mount your camera.
