

Head strap Telesin for sports cameras (GP-HMS-T04)

Ref: 6972860174532

Head strap Telesin for sports cameras (GP-HMS-T04)

The Telesin GP-HMS-T04 Headband with Sports Camera Mount

The Telesin GP-HMS-T04 Headband with Sports Camera Mount will be useful in many applications. With its help you will create unique shots while skiing, biking or skateboarding, as well as while running, diving or hiking in the mountains. You can easily adjust its dimensions to your needs. Compatible with many devices - it will surely meet your expectations as well.

Comfort and ease of use

The accessory is very simple and convenient to use. A special buckle allows you to quickly install and remove the camera. The length of the straps can be adjusted so that they fit perfectly on your head. This way, the Telesin brand headband will give you the comfort you want.

Wide compatibility

The wristband fits a wide variety of devices. You can easily mount on it GoPro Hero 8, 7 or 6, Xiaomi YI, DJI Osmo Action and a number of other sports cameras. Regardless of what equipment you use, this practical accessory will most likely come in handy!
