

Car Charger Acefast B1 mini 38W, USB + USB-C (black)

Ref: 6974316280330

Car Charger Acefast B1 mini 38W, USB + USB-C (black)

Mini 38W USB-C+USB-A car charger (black)

Charge your devices quickly and safely during your car ride! Acefast's 38W car charger supports fast charging and allows you to charge 2 devices at the same time. Multi-level protection ensures effective protection of the charger and the connected device.

Fast charging of 2 devices at the same time

The charger supports 20W Power Delivery, Quick Charge 3.0, Huawei FCP and Samsung AFC fast charging. In as little as 30 minutes you'll power up to 50% of the battery on your iPhone 12! In addition, you can connect 2 devices to it at the same time. Conveniently charge your smartphone and tablet while traveling in the car.

Fitted for different cars

You can easily use the charger in both passenger cars and trucks with a 12 or 24-volt cigarette lighter socket. The product is distinguished by its wide compatibility with most phones available on the market. Moreover, it is as much as 50% smaller than standard chargers.

Comprehensive protection

The device fits perfectly into the cigarette lighter socket and remains stable even on bumpy roads. The control chip intelligently adjusts

the current to the connected equipment. A number of protections protect against overload, overheating and overvoltage, among other things.
