

### Car Charger Acefast B2, 72W, 2x USB-C (black)

Car Charger Acefast B2, 72W, 2x USB-C (black)

Ref: 6974316280361

#### Acefast B2 car charger (black)

Are you looking for a car charger that allows you to quickly and safely renew the power of your chosen devices? Opt for the Acefast B2, which is equipped with two USB-C ports and stands out for its 72W power output. It allows you to charge two devices at the same time, moreover, the product is compatible with many popular fast charging protocols and maintains a stable position even on a bumpy road.

#### Fast energy restoration

The Acefast B2 car charger stands out for its wide compatibility and supports such fast charging protocols as PD2.0, PD3.0, QC3.0 and FCP, for example. Two USB-C ports allow you to charge two devices at the same time, and the power of each port is 36 watts. So you can renew the energy of your chosen devices in a short period of time - it will take 1 h and 14 minutes to fully charge the Google Pixel 2, while it will take 2 h to renew the energy of the iPad Pro.

#### Smart solutions

The Acefast car charger has a built-in chip that intelligently detects connected devices and ensures maximum current and voltage. A number of safety features are also a plus, thanks to which the product is protected against overvoltage, overheating, overcurrent or overcharging. Compatibility with 12V-24V input voltage makes the charger suitable for most popular vehicles.

### Thoughtful design

Among the strengths of the device is its robust design, which makes the charger resistant to wear and tear and mechanical damage. The carefully selected surface makes the product maintain a stable position even on a bumpy road, and you can conveniently charge the necessary devices. Thanks to the plug&play function, the charger is convenient to use and provides high comfort, moreover, its advantage is effective heat dissipation.
