### Tattu batteries

Specifically for UAVs, the Tattu brand has designed new batteries of unrivalled quality. They offer exceptional power whether you are using smaller drones for recreational use or heavy platforms for commercial applications. Batteries often look similar from the outside - their true strength, however, lies within. The cells in Tattu batteries are developed specifically for UAV requirements.

### Safety instructions

Do not discharge below 3.0V per cell. Charge only with a microprocessor-based charger in lithium-polymer pack charging mode. Do not short-circuit poles, do not puncture, do not expose to direct sunlight, store away from flammable objects, dispose of in specially prepared containers.
