Samsung PRO Plus micro SDXC 128 GB U3 A2 V30 memory card (MB-MD128SB/WW).

Are you a professional photographer or filmmaker? Or do you simply need more space for your data? The Samsung PRO Plus memory card is sure to meet your needs! It offers a capacity of 128 GB and provides impressive read speeds of up to 180 MB/s and write speeds of up to 130 MB/s. With the card, successfully increase the memory in your smartphone, tablet and many other devices. A USB reader is also included to make your work even easier.

Even faster transmission

The Samsung PRO Plus card delivers an incredible read speed of as much as 180 Mb/s, which means your data will be available in no time. On the other hand, a write speed of 130 Mb/s guarantees that your files will be saved in no time. The card has a U3 speed class, making it perfect for recording 4K video. What's more, the V30 video class allows for smooth video recording at the highest quality.

Capacity to meet your needs

You no longer have to worry about running out of space on your phone or camera! With a capacity of 128GB, the card will hold all your favorite videos, photos and documents. So you don't have to limit yourself in creating new content! In addition, the card is equipped with protection against water, high temperature, x-ray, magnetic field, drop and wear.
