

Wall Charger Acefast A13 PD 65W, 2x USB-C + USB (black)

Ref: 6974316280279

Wall Charger Acefast A13 PD 65W, 2x USB-C + USB (black)

A13 PD65W 2xUSB-C+USB-A network charger (black).

The Acefast network charger is equipped with 3 USB ports, allowing you to charge 3 devices at one time. It supports fast charging and fits most USB-powered equipment. A number of safety features provide effective protection against damage.

Fast charging for your devices

The product supports PD 20W, QC 3.0, AFC and FCP fast charging protocols, so you can charge your smartphone in no time. It allows you to replenish your battery to around 50% in less than 30 minutes!

Versatile compatibility

With the network charger you will charge not only your phone. You can also easily charge other devices that have a built-in USB-C or USB-A port, including wireless headphones, Samsung laptops, MacBook or tablets.

Charge multiple devices at the same time

You no longer have to wait for your phone to charge to plug in another piece of equipment. With 3 built-in USB ports, you can easily charge up to 3 devices at the same time. The charger then splits 45 watts of current between the 2 USB Type-C ports and 18 watts to the USB-A port.

Safe charging

The device is made of high-quality non-flammable materials, so it poses no fire hazard and is completely safe. What's more, built-in safety features protect against overheating, overvoltage, overloading and electrostatic discharge.
