Ref: 6970357853656

Remote control Insta360 (X3, ONE X2, ONE RS, ONE R)

Insta360 remote control (X3, ONE X2, ONE RS, ONE R)

Get remote control of your camera. The Insta360 remote control is compatible with many Insta360 camera models. It has a range of up to 20 meters, and you can also use it up to 5 meters underwater (IPX8). The device uses 3 navigation systems, and Bluetooth 5.0 is responsible for a reliable connection. You will also find 2 adjustable mounting straps included.

Even more possibilities

Increase your capabilities. The remote control will allow you to comfortably control your devices from up to 20 meters away. Among other things, you can use it to start and stop recording, take photos, and wake up the apart even when it's off. The device is equipped with a small display that will make it easy for you to access the most important information.

Wide compatibility

The remote control is compatible with a range of Insta360 cameras. It works with the X3, ONE X2, ONE RS and ONE R. You'll easily connect to the equipment of your choice with the advanced Bluetooth 5.0 chip, which provides a fast and stable connection between devices. What's more, it supports 3 navigation systems - GPS, BeiDou and GLONASS.
