Gens Ace G-Tech 5000mAh 22.2V 45C 6S1P LiPo battery with EC5 plug

The Gens ace G-Tech LiPo battery is an excellent choice for helicopter pilots. With a 45C rating, it provides the power that helicopters need. It supports even the most difficult 3D movements and allows you to achieve high speed. The product can also be used in large RC aircraft models and RC boats. It provides smooth and stable power to make your flights exciting. Long life, capacity reaching 5000mAh and voltage at 22.2V/6S are additional advantages. The battery is equipped with an EC5 plug - as a result, it is widely compatible with Align, GAUI, KDS, ElyQ Trex-550 600, aircraft and boats.
