

## Portable Monitor Arzopa S1 TABLE 15,6"

Portable Monitor Arzopa S1 TABLE 15,6"

Ref: 6975114120095

Arzopa S1 TABLE 15.6" portable monitor

Stock up on the Arzopa S1 TABLE portable monitor and make your daily life easier! It offers a 15.6" screen and Full HD 1920 x 1080p resolution, providing detailed, clear images and vivid, intense colors. Allows you to choose from 3 display modes, for even more flexibility. Equipped with 2 speakers, it allows audio playback, without the need for additional speakers. It also comes with a magnetic case that not only protects it from damage, but also allows you to adjust the screen to your preferred position.

Let yourself be amazed by the image quality

Immerse yourself in the world of virtual reality! The Arzopa S1 TABLE monitor provides 1920 x 1080p FHD resolution which, combined with the 15.6-inch screen, will allow you to enjoy fantastic image quality. Now nothing will escape your attention - even the finest details are extremely clear! I also use HDR technology, which provides an even better viewing experience, making any movie or game an incredibly immersive experience.

Many possibilities

Forget about compatibility problems! The S1 TABLE offers a wide range of ports that will allow you to easily and quickly connect your monitor to the device of your choice. It features 2 USB-C ports and a mini HDMI port for seamless connection to your laptop, smartphone or gaming console. It also has a built-in 3.5mm audio jack, with which you can easily connect external speakers or headphones to fully

enjoy the sound.

### 3 display modes for more freedom

The Arzopa S1 TABLE portable monitor is designed to meet a variety of user needs, so it offers up to 3 display modes. Duplicate mode allows you to comfortably present your content or watch videos on the big screen. Extend mode expands your workspace, allowing you to spread your applications freely across your main screen and portable monitor to increase your productivity. There's also Second Screen Mode, which allows the S1 TABLE to be used independently as a second screen, giving you even more flexibility when working or entertaining.

### Thoughtful design

The monitor's lightweight and ultra-slim design makes it easy to fit into a backpack or bag and take it with you on business trips! The device uses Eye Care technology, which reliably protects your eyes from damage even during prolonged use. A wide 178° viewing angle, regardless of perspective, ensures image consistency and excellent color reproduction. Arzopa S1 TABLE also gives you full freedom of positioning - you can successfully position it both vertically and horizontally.
