

Gaming Headphones Havit H2028U RGB

Gaming Headphones Havit H2028U RGB

Ref: 6939119029609

Havit H2028U gaming headphones

The H2028U will meet the needs of gamers who are looking for a premium quality headphone. With 50mm drivers and 3D surround stereo sound, the Havit headphones are the perfect piece of gaming kit.

Ergonomic and lightweight design

The headphones are made of high quality materials, they are durable and resistant to damage, and the foam elements will perfectly fit the shape of your ear. Longer wearing will not cause any discomfort. Lighting effects additionally give the headphones a gaming character.

Convenient communication with others

The headphones have a noise-canceling feature, so no outside noises will interrupt your game. Plus, with the omni-directional microphone, you can freely communicate with other players.
