

SmartWatch HiFuture FutureFit Zone 2 (pink)

SmartWatch HiFuture FutureFit Zone 2 (pink)

Ref: 6972576181251

HiFuture FutureFit Zone 2 smartwatch (pink).

This is not just another watch. The Zone 2 from HiFuture is a Smartwatch that will delight you with its 1.96-inch IPS screen and lively color scheme. Now you can access notifications, messages and phone calls at your fingertips. The device will keep pace with the active with up to 7 days of use on a single charge. Zone 2 monitors workouts and measures vital functions and is IP68 waterproof, so you'll use it without limits! There are also more than 100 dial designs at your disposal to satisfy a variety of tastes.

A delightful image on your wrist

Zone 2 offers a 1.96-inch screen with a resolution of 240 x 286 and will delight you with vivid, realistic colors! The screen makes navigating through notifications intuitive, so using the device becomes a pleasure. The smartwatch provides more than 100 color dials so you can customize the look of the screen every day according to your mood and preferences to enjoy a visual feast.

Created with the active in mind

Now you can stay connected no matter what you're doing. Zone 2 supports wireless phone calls, so you can make and receive calls right from your wrist. What's more, if you care about mobility, this model is for you. One charge provides up to 7 days of use, so you don't have to worry about charging too often.

Ready for any challenge

No matter what sport you do, the Zone 2 is up to the challenge! The smartwatch exhibits IP68 water resistance, which means that nothing prevents it from accompanying you on swimming, diving and other underwater activities. Splashing and immersion will not harm it.

Health under control

Measure your heart rate, sleep quality, stress levels - you have it all under control with the Zone 2 smartwatch. The device measures your heart rate in real time, so you gain access to information about your fitness during training, daily activities and rest. Take these parameters into account and consciously improve your well-being.

Acquire steps, train and achieve goals

Zone 2 is also a regular measurement of steps. Set goals and enjoy a daily dose of motivation to beat your own records. The smartwatch also indicates the number of calories burned during each activity, an easy reference point during workouts. The Zone 2 has more than 100 sports modes, making it your ally on the road to fitness.
