Electric heater Techwood TCG-400

Ref: 3760301552208

Techwood TCG-400 electric heater

Get ready for the colder winter days and keep your home warm. The Techwood TCG-400 is a compact, portable ceramic heater with 400 watts of power that will heat the room of your choice in no time - just plug it into an outlet and select the desired temperature (from 15°C to 32°C). You also have 2 speed settings and a smart timer, which allows the device to automatically stop working after a specified time (1-12 h). The product also has a built-in LED display. Its dimensions are 14.3 x 8.8 x 16.9 cm.

Tailored to your needs

Thanks to the technology used and the power of 400 watts, the heater can quickly heat the room to the desired temperature - you can set from 15°C to 32°C. The selected value will appear on the built-in LED display. The device also offers 2 speed levels - High Speed (HH) and Low Speed (LL). Adjust its operation to your needs and enjoy pleasant warmth!

Lightweight, portable, versatile

Techwood TCG-400 heater is extremely lightweight and compact. You can easily move it between rooms and provide your dream warmth in the kitchen, bedroom or living room. All you have to do is plug it into an outlet. You can also set a timer so that the device will automatically stop working after a certain time (from 1 to 12 hours) - you no longer have to worry about forgetting to turn it off. This way you will save electricity!
