Mini jack 3.5mm AUX cable Remax RL-L100 1m (red)

Remax RL-L100 1m mini jack 3.5mm AUX cable (red)

Remax RL-L100 is a 3.5mm mini jack cable that is designed for users who value not only convenience and versatility, but also excellent build quality. This excellent cable offers many advantages, including weather resistance, tensile strength and compatibility with various devices.

Great compatibility

The Remax RL-L100 is a 3.5mm mini jack cable that offers exceptional functionality and excellent build quality. It is designed for a wide range of devices, such as cell phones, computers, tablets, speakers, car stereos and more. Featuring a truncated, lowered design, the cable allows full connection of plugs, even when the device has a bulky case.

Thoughtful design

The Remax RL-L100 is a cable with good tensile strength and weather resistance, making it ideal for use in a variety of conditions. The TPE material from which it is made also ensures high quality and durability, which guarantees a long service life. The cable's length of 1 meter allows you to use your devices freely, even when they are at a greater distance from each other. The Remax RL-L100 cable is also fully compatible with iOS and Android devices, making it an ideal choice for users of different operating systems.
