Remax headphones, 3.5mm jack (black)

Remax headphones are an ideal choice for those who appreciate convenience and functionality. The 3.5mm connector ensures wide compatibility, and the high sound quality will delight even the most demanding listeners. Convenient operation is provided by the remote control integrated into the cable. Whether you listen to music on the way to work or during a workout, Remax headphones will be the perfect companion for you.

Convenient operation

Thanks to the remote control integrated into the cable, you can conveniently operate the equipment. You no longer have to reach for your phone to answer a call or change a song. This allows you to focus on the activity and enjoy the music at the same time.

Surround sound

Immerse yourself in the music. Remax headphones feature a wide frequency range of 20 Hz to 20 kHz. This means you'll be able to enjoy high-quality sound, regardless of the genre of music you're listening to. Also contributing to the excellent quality is a sensitivity of $-42 \text{ dB} \pm 3 \text{ dB}$, as well as a power rating of 2 mW.

Refined design

The 3.5mm connector allows you to connect the headphones to most devices. The cable length is 1,200 mm, which guarantees plenty of freedom of movement while listening to your favorite tunes. The headphones are made of silica gel, making them durable and resistant to damage.
