

## TELESIN Plastic Frame Case with 3-Prong Mount for GoPro HERO

TELESIN Plastic Frame Case with 3-Prong Mount for GoPro HERO11 Black Mini

Ref: 6974944461408

The Telesin Protective Case for GoPro HERO 11 Mini

With the Telesin case, your GoPro HERO 11 Mini camera will gain unparalleled protection from drops and impacts. The sturdy material effectively protects your device from damage, and the precision-made holes allow you to take full advantage of its functions. Quick and easy installation lets you get ready for action in no time.

Taking care of your camera

Abandon any concerns about the safety of your GoPro HERO 11 Mini. The Telesin case is made of environmentally friendly resin, providing reliable protection against any damage. As a result, you can focus on capturing unforgettable moments, knowing that your camera is fully protected.

Refined design

Precision-crafted openings allow you to use the camera's buttons comfortably. Thanks to the thoughtful design, you can also record footage while your device is charging. In addition, the side opening facilitates quick and hassle-free installation of the case, and it weighs just 13.8g - you won't even feel its presence!

Reliable heat dissipation

Don't let recording be interrupted by overheating of the camera. The Telesin chassis provides efficient heat dissipation so you can avoid unwanted downtime. Use the full potential of the GoPro HERO 11 Mini and create the most beautiful shots - without obstacles or limitations!
