Silicone Telesin Case for GoPro HERO 11 Mini (SPS-001)
The Telesin Silicone Case dedicated to the GoPro HERO 11 Mini is the key to comfortable and safe use of the camera during exciting journeys, sports stunts and unforgettable moments. The accessory features a sturdy design and is made of high-quality silicone that is skin-friendly. With it, you can rest assured that your precious device is protected from drops and damage from everyday use. In addition, thoughtful cutouts provide easy access to all key camera functions.

Rugged design
One of the main strengths of the Telesin case is its resistance to drops and scratches, which translates into reliable protection for your camera. The accessory is a perfect fit for the GoPro HERO 11 Mini and effectively prevents scratches and mechanical damage. This allows you to devote yourself to your passions with peace of mind, knowing that your device is in safe hands.

High quality construction
Thanks to the soft silicone, attaching and removing the housing from the camera is smooth and effortle Precise fit and well-designed design allow you to comfortably use all the functions of the device, ensuring full freedom when recording and shooting.

Ease of cleaning

Keeping the housing clean will not be a challenge for you. Its material is dirt-resistant and can be cleaned under running water if necessary. In addition, the accessory is lightweight (14.8g), so it won't be a burden.
