Cable USB-A to USB-C Mcdodo CA-3653, 100W, 2m (black)

Cable USB-A to USB-C Mcdodo CA-3653, 100W, 2m (black)

Now you can charge your devices even faster. The Mcdodo CA-3653 USB-A to USB-C cable provides power of up to 100W and a current reaching 6A. It supports various fast charging standards and allows for file transfer at speeds of up to 480 Mbps. It is also distinguished by its stylish design, durable construction, and wide compatibility. The set includes a practical fastener that facilitates cable storage and transport.

Refined in Every Detail

Transparent elements give the cable a modern, stylish character, and the high-density braid not only looks great but also protects the cable from damage. The reinforced copper wire ensures reliable transmission, fast charging, and resistance to interference, while advanced MSC technology is responsible for intelligent temperature control and preventing overheating. All of this translates into exceptional durability for the CA-3653 model, making it resistant to bending, abrasion, and breakage.

Fast Charging and File Transfer

You no longer have to wait too long for your devices to be charged. The cable provides up to 100W of power and supports fast charging standards such as Huawei SCP, Samsung AFC, OPPO VOOC, and QC 2.0 / 3.0 / 4.0. Furthermore, the CA-3653 model allows data transfer at speeds of up to 480 Mbps. You can quickly transfer essential files between devices! With Mcdodo, you'll save valuable time.
