Cable USB-C to Lightning McdodoCA-3664, 36W, 2m (blue)

Cable USB-C to Lightning McdodoCA-3664, 36W, 2m (blue)

Now you can charge your devices even faster. The Mcdodo CA-3664 USB-C to Lightning cable provides a power output of up to 36W and supports a current of up to 3A. It is compatible with devices such as iPhones, iPads, and AirPods, and it allows for file transfer speeds of up to 480Mbps. It features a stylish design and a durable construction. The package also includes a practical fastener for easy cable storage and transport.

Engineered to Perfection

Transparent elements give the cable a modern, stylish character, while the high-density braiding not only looks great but also protects the product from damage. The reinforced copper wire ensures reliable transmission, fast charging, and interference resistance. An intelligent chip is responsible for automatic current regulation and maintaining a safe temperature. All of this translates into exceptional durability for the CA-3654 model, making it resistant to bending, abrasion, and breakage.

Fast Charging and File Transfer

You no longer have to wait too long for your devices to charge. The cable provides a power output of up to 36W and supports the PD fast charging standard. Furthermore, the CA-3654 model enables data transfer at speeds of up to 480Mbps. You can quickly transfer essential files between devices with Mcdodo, saving you valuable time.
