Cable USB-C to Lightning Mcdodo CA-2850, 36W, 1,2m (black)

Cable USB-C to Lightning Mcdodo CA-2850, 36W, 1,2m (black)

Looking for a reliable cable to charge your iPhone? Choose the CA-2850 model from Mcdodo! This product provides a power output of up to 36W, allowing you to charge selected devices in a very short time. It also enables data transfer at speeds of up to 480 Mbps - now your photos or videos will be in their destination in no time. The cable is exceptionally durable, so you don't have to worry about it getting damaged quickly.

Fast and Safe Charging

With a power output of up to 36W, this cable allows you to quickly charge your selected device. No need to wait too long anymore! Moreover, the CA-2850 model is fully compatible with iPhones, iPads, and AirPods - forget about pop-up windows and annoying errors. An additional advantage of the product is the special MSC technology, responsible for intelligent temperature control. This means you can enjoy not only fast but also safe charging of your devices.

Exceptional Durability

The CA-2850 cable is incredibly durable and resistant to damage - it can withstand even multiple bends. Its elements made of aluminum alloy are highly durable and resistant to rust, while the cables with galvanized copper ensure stable transmission, fast charging, and high resistance to interference. Choose proven solutions and get yourself a cable that will serve you for a long time!
