

Charger GaN 33W Mcdodo CH-0155 USB-C, USB-A (pink)

Ref: 6921002601566

Charger GaN 33W Mcdodo CH-0155 USB-C, USB-A (pink)

Charger GaN 33W Mcdodo CH-0156 USB-C, USB-A (pink)

The Mcdodo CH-0156 charger allows for charging with a power of up to 33W and enables the simultaneous connection of two devices - it offers both USB-A and USB-C ports. It stands out with wide compatibility and ensures safe usage - no need to worry about damaging your devices. The product utilizes GaN technology, which provides a successful combination of high performance, lightweight construction, and compact size.

Charge Up to 2 Devices Simultaneously

With 2 available ports (USB-C and USB-A), this charger allows you to charge two devices at the same time. The CH-0156 model boasts wide compatibility and works well with most popular smartphones, tablets, and even laptops. There is also a special Micro Current mode that safely charges devices such as headphones or smartwatches - no need to worry about damaging their batteries.

Even Faster Charging

Thanks to GaN technology, this charger allows you to charge your devices in a surprisingly short amount of time. The CH-0156 model provides a power output of up to 33W (on the USB-C port), so you won't have to wait too long for your device to be ready for use. Now you can quickly charge your phone, tablet, or Nintendo Switch!

Well-Thought-Out Design

This charger is made of flame-retardant PC material, making it very durable yet lightweight - it weighs only 51g. It also features a compact design with dimensions of just 32.4 x 35.7 x 72.1mm. You can always have it on hand - it easily fits in a purse or backpack. The CH-0156 model also ensures safety during use, protecting against short-circuits, overheating, over-voltage, and overload.
