Wireless Charger Mcdodo CH-7060 3 in 1 15W (mobile/TWS/Apple watch) (white)

Wireless Charger Mcdodo CH-7060 3 in 1 15W (mobile/TWS/Apple watch) (white)

Now you only need one wireless charger to charge up to 3 different devices! The Mcdodo CH-7060 model allows for the wireless charging of your smartphone, AirPods, and Apple Watch simultaneously. It provides a power output of up to 15W and ensures safe usage. You can use it successfully in your living room, office, or bedroom, for example.

Wide Compatibility

This charger is compatible with the MagSafe standard, so you can quickly and safely charge your iPhone using it. The product also has a dedicated slot for AirPods and a stand for charging the Apple Watch. The CH-7060 model is also compatible with selected Android smartphones. You no longer need to use three different chargers to charge three devices!

Impressive Performance

Thanks to the built-in independent coils, the charger allows you to charge three devices simultaneously without any interference with charging performance. The product provides up to 15W of power, which means you don't have to wait too long for your smartphone or headphones to be ready for use again. The CH-7060 model is also backward compatible with 10W / 7.5W / 5W standards.

Refined in Every Detail

The charger is equipped with a small LED indicator that will inform you in real-time about its status. The product also ensures safety during use, offering an advanced protection system against overvoltage, overcurrent, overheating, and more. So, you don't have to worry about damaging your devices!
