Cable USB-C to USB-C Mcdodo CA-3450 90 Degree 1.2m with LED (black)

Cable USB-C to USB-C Mcdodo CA-3450 90 Degree 1.2m with LED (black)

The flat angled cable Mcdodo CA-3450 is the ideal choice for gamers, people who often watch movies on their smartphones, and more. Its connector is curved at a 90° angle, allowing you to comfortably use your phone while charging – nothing will stick out or get in your way. Furthermore, the product provides a power of up to 65W and supports the PD standard. It is also distinguished by its durable, damage-resistant construction.

Fast Charging, Quick Data Transmission

The cable supports fast PD 65W charging, so you won't have to wait too long for your devices to be ready for work again. The CA-3450 model is compatible with smartphones, tablets, laptops, and even consoles like the Nintendo Switch – say goodbye to limitations. You can also transfer files at speeds of up to 480 Mbps with it. Now your photos, videos, or documents will quickly reach their destination!

Enhanced Construction

The flat design and the use of high-quality PVC material make the CA-3450 cable highly durable and resistant to damage. It can withstand repeated bending without issues! Reinforced copper wires ensure faster charging, stable transmission, and greater resistance to interference, while specially designed connectors are highly durable. Moreover, transparent elements and a blue LED indicator give the product a modern, stylish character.
