Ref: 6921002636407

Cable USB-A to Lightning Mcdodo CA-3640, 1,2m (black)

Cable USB-A to Lightning Mcdodo CA-3640, 1,2m (black)

Now you can charge your devices even faster. The USB-A to Lightning cable Mcdodo CA-3640 provides a current of up to 3A and boasts wide compatibility. It also allows for file transfer at speeds of up to 480 Mbps. It is distinguished by its stylish design and durable construction. The set also includes a practical fastener that facilitates cable storage and transport.

Excellence in Every Detail

Transparent elements give the cable a modern, stylish character, and the high-density braid not only looks great but also protects the product from damage. The reinforced copper wire ensures reliable transmission, fast charging, and resistance to interference, while the intelligent chip is responsible for automatic current regulation and temperature maintenance at the appropriate level. All of this translates into exceptional durability of the CA-3640 model and its resistance to bending, abrasion, or breakage.

Fast Charging and File Transfer

You no longer have to wait too long for your devices to charge. The cable provides a current of up to 3A and is compatible with many models of iPads, iPhones, and AirPods. Furthermore, the CA-3640 model allows for data transfer at speeds of up to 480 Mbps. So, you can instantly transfer essential files between devices! With Mcdodo, you'll save valuable time.
