Cable USB-A to Lightning Mcdodo CA-3644, 2m (blue)

Mcdodo USB-A to Lightning Cable CA-3644, 2m (blue)

Discover the full potential with the Mcdodo cable, which uses a combination of flexible PVC and strong braided nylon for unmatched durability and flexibility. It supports up to 3A of current, allowing you to instantly charge your iPhone, iPad Pro or AirPods Pro. Enjoy speed and performance that's right at your fingertips. What else does it offer?

Reliable transfer speed

When you're working with your files, data transfer speed is key. The Mcdodo CA-3644 cable, which operates on the USB-A standard, ensures not only robust charging, but also fast data exchange between your Apple devices and your computer (480 Mbps). Don't waste precious time waiting.

Reinforced cable

Made to withstand the test of time, the Mcdodo cable features a reinforced nylon braid that effectively protects the cable from mechanical damage and twisting. An investment in this cable is an investment in reliability and trouble-free operation for a long time.

Compatibility and versatility

Whether you need fast charging for your iPhone, iPad Pro or Airpods Pro, the Mcdodo cable is a universal solution. Its versatility and

compatibility with Apple's product lines make it an essential accessory for any user of the brand's devices.
