

Electric Rotating Turntable Display Puluz 30cm USB (black)

Electric Rotating Turntable Display Puluz 30cm USB (black)

Ref: 5905316140806

Rotating photo stand Puluz (30 cm, black)

Need a stand that will allow you to professionally present your jewelry, watches, handbags or figurine collection? The Puluz rotating stand with a diameter of 30 cm will be perfect both at home and in a store or photo studio. The device rotates 360° and is equipped with a single button for convenient operation. A micro USB cable is included, which will allow you to connect the stand to a compatible device.

Little effort, big effect

If you're looking for the best way to display your chosen items, opt for the Puluz rotating stand! Thanks to the built-in button, you can easily turn the device on/off. The non-slip rubber pad means you can place the product on a smooth surface without worry.

Ensure professionalism

Photograph and record the objects presented on the stand without interference! The device can bear weight up to 10 kg, so you don't have to limit yourself. What's more, the Puluz product works extremely quietly (50-60 dB), so unwanted noise will not prevent you from recording videos.

Additional advantages

Thanks to the fact that the Puluz swivel stand has a USB port, you can easily connect it to your desktop, laptop or charger and enjoy the

results of its work.
