

Mouse pad Havit MP901 RGB

Mouse pad Havit MP901 RGB

Ref: 6939119018481

Havit MP901 RGB mouse pad

The whole upper surface was covered with a microgrid ensuring fast and precise mouse movement and the tests proved that the current graphics do not disturb the smoothness of movement. Rubberized surface will prevent the movement of the mat.

Durable and practical

Stitched edges will significantly extend its life. The quality of materials from which it was made ensures partial water resistance and easy to keep it clean. Gamenote MP901 was designed for demanding users, keeping its available form.

RGB backlighting

The GAMENOTE series stands out from the competition not only in terms of product parameters, but also in terms of quality of workmanship, which in the MP901 model translates into edge RGB backlighting. Illumination provides 10 different colors of the backlight. The choice of a specific one is made possible by a button placed in the upper left part of the pad.

Plug&Play

The pad is compatible with all leading operating systems.
