Gaming mouse Havit GAMENOTE MS1027 1000-2400 DPI Gaming mouse Havit GAMENOTE MS1027 1000-2400 DPI

Havit MS1027 gaming mouse

The Havit M1027 gaming mouse is a great choice for players who require precision of movement and high quality. The non-slip surface makes the mouse lie perfectly in the hand, minimizing the feeling of fatigue during long use, and the adjustable DPI level allows you to adjust the appropriate sensitivity of mouse movements.

Tailored to the needs of the player

With four DPI levels in the 800-1200-1600-2400 range, the Havit MS1027 mouse allows you to adjust the appropriate level of sensitivity and precision of movement according to your needs and your gaming situation, and the ergonomic shape of the mouse and high quality materials used in its production prevent fatigue during hours of gaming.

Gaming and ergonomic design

The mouse has a predatory, gaming design, which creates a unique atmosphere that will increase the pleasure of playing and at the same time the device will look great on your desk. The Havit MS1027 gaming mouse has a perfectly ergonomic shape, which makes you feel no fatigue even during long hours of gaming. Additionally, thanks to the buttons located on the side of the mouse, you can conveniently and quickly go back and forth to the pages in your browser.
