

Active cooling Aigo ICE 400 CPU (heatsink + fan 120x120)

Ref: 6926170086634

Active cooling Aigo ICE 400 CPU (heatsink + fan 120x120)

Active cooling for your computer (heatsink + fan) AIGO ICE 400

The Aigo ICE 400 cooler will keep your CPU at the right temperature - up to 4 heat pipes, a 9-blade equipped fan, and HDT technology are responsible for this. The device is easy to install and supports intelligent PWM control. The colorful backlighting is an eye-catcher and allows you to give your computer an original gaming character.

Optimal solutions for efficient cooling

Aigo ICE 400 is your new way to cool your CPU efficiently. 4 heat pipes ensure efficient heat distribution, which guarantees efficient hardware operation. The 120mm fan has up to 9 blades to generate more air. You can also enjoy the benefits of HDT technology. The copper base of the cooler directly contacts the processor, significantly improving heat conduction.

Intelligent PWM control

AIGO offers even more optimal solutions. These include intelligent PWM control. When the temperature changes, the fan automatically adjusts its performance to give you the best results.

Simple and fast installation

Forget about complicated and time-consuming installation. The AIGO brand cooler features a user-friendly design that makes it easy to

install, saving you precious minutes. The product is compatible with selected models of Intel and AMD platforms.

Colorful backlighting

The Aigo ICE 400 impresses not only with its efficiency. The fan blades are equipped with colorful backlighting, which provides a beautiful glow and allows your hardware to look truly outstanding. Provide your CPU with optimal cooling and give your computer a phenomenal gaming character!

The kit includes:

Radiator

Fan

Intel & AMD mounting kit

1 x fan mounting clip

Thermal conductive paste

Mounting screws

User manual

Manufacturer

Darkflash

Model

ICE400

Color

Black

Cooling type

Active

Number of fans

1

Speed

1800 RPM

Maximum noise level

36 dBA

Airflow

74.85 CFM

Power supply voltage

12 V

Connector

4 Pin

Bearing type

Hydraulic Bearing

Illumination

LED

Number of heat pipes

4

Compatibility

Supports: Intel LGA775/115X/1366/1200 (Core i3/i5/i7/i9 CPU) AMD AM4/FM2/FM1/AM3+/AM3/AM2 CPU

Fan size

120x120x25 mm

Dimensions

122x75x158 mm

Weight

0,56 g
Heat sink material
Copper + Aluminum

Price:

€ 22.00

Gaming, Cooling, Active cooling
