Ref: 5907489608503

Puluz PU5041B 40 cm photo studio

The Puluz PU5041B photo studio is perfect for product photography and more. With its help you can properly expose selected items such as jewelry, toys, gadgets or accessories. The product also provides excellent quality LED lighting. It offers 3 light modes and 10 brightness levels to choose from. It is equipped with a USB cable that allows you to power it. You will also find interchangeable double-sided backgrounds (6 pieces) in 12 colors.

Optimal lighting

If you are into photography, you surely know the importance of proper light. That's why the Puluz brand tent is equipped with a high-quality LED lamp, which is distinguished by a high color rendering index of up to 90. You can also adjust the lighting to your expectations. There are 3 modes - white light, soft light and warm light. The device also allows for 10-step brightness adjustment from 0% to 100%. You can change the settings using the remote control integrated into the cable.

Many possibilities

Do you often take pictures with your smartphone? Or do you use a camera? The Puluz photo studio will work in almost every situation! You can also take photos from different perspectives - from the front or from above, through the additional opening. The kit also includes a special soft cloth to help you take pictures of highly reflective objects. Inside the tent there is a reflective fabric to ensure even

dispersion of light.

Double-sided, colorful backgrounds

Take care of the optimal exposure of the subjects you photograph. To help you highlight what's most beautiful in your chosen subjects, interchangeable backgrounds in 12 colors are included. Options include black and white, gray and gold, yellow and orange, red and pink, blue and purple, and green and brown. Choose the right color and make your photographed items look even better!

Worryfree power supply

The product is equipped with a USB cable that allows it to be powered with 5V. You can easily connect the tent not only to a regular mains charger, but also to a powerbank or even a computer or laptop. This gives you more freedom when shooting - you no longer have to limit yourself to available outlets. The device also ensures safety of use.

Portable

Say goodbye to old, heavy and bulky photography equipment. The Puluz PU41B photo studio is extremely lightweight and portable. It is distinguished by its foldable design. It can be folded or unfolded easily - you do not need any additional tools. Its transport is facilitated by the included bag. All this means that this practical photo studio can accompany you almost anywhere.
