

Computer Fan set 3in1 Aigo AR12 ARGB 120x120 (black)
Computer Fan set 3in1 Aigo AR12 ARGB 120x120 (black)

Darkflash AR12 3-in-1 PC Fan

Equip your computer with an optimal cooling system, which will additionally emphasize the visual value of your hardware. Thoughtful design of the fans allows to achieve high performance while maintaining low noise level, and RGB backlighting perfectly harmonizes with transparent computer cases.

Sophisticated design

The sophisticated fan design achieves high performance with low noise level. Moreover, a special anti-shock system reduces resonance considerably - and keeps the noise to a minimum.

RGB backlight

Do you want to emphasize the modern gaming character of your hardware? Darkflash AR12 fans fit right in. Their dynamic RGB backlight will be an excellent complement to transparent computer cases - attracting the eye and giving your space an unmistakable atmosphere.
