Havit H2008d Gaming Headphones

Immerse yourself in the gameplay and enjoy high quality sound. The Havit H2008d headphones feature 50-millimeter drivers and a detachable microphone that lets you communicate freely with other gamers. They also provide unparalleled user comfort. The 3.5mm connector allows you to connect them to your computer, smartphone or game console, for example.

Enjoy the comfort you dream of

Thanks to their ergonomic design, these headphones will keep you comfortable, even during long periods of gaming. They are exceptionally light and comfortable. The adjustable headband allows you to adjust them perfectly to your needs, while the soft earcups fit snugly without exerting pressure on your ears. They are also very pleasant to the touch and skin-friendly.

Superior sound quality

Experience a high level of immersion and feel at the center of the action in your own room. The headphones have built-in high-performance 50mm magnetic drivers. This allows them to provide excellent quality sound, rich in details. They are ideal both for playing games and listening to music.

Detachable microphone

Do you often play online games with your friends? Do not let communication problems stand in your way of victory! The headphones are equipped with a microphone, which allows you to talk freely with other players. It also provides high quality sound. Thanks to its flexible design, you can easily position it exactly the way you want. When you don't need it, you can simply detach it so it doesn't bother you.
