

Mechanical Distance Measuring Wheels Deli tools EDL330060, 1

Mechanical Distance Measuring Wheels Deli tools EDL330060, 150mm (6")

Ref: 6974173015496

Deli Tools EDL330060 Mechanical Distance Measuring Wheel

Deli Tools measuring wheel will enable you to make accurate distance measurements of up to 10km. The instrument is made of high-quality materials and guarantees a low error range.

Thoughtful design

The wheel hub was manufactured from ABS material, maintaining impressive strength. The ergonomic handle was created from aluminum, ensuring a combination of lightness and durability. With the use of the EDL330060 odometer, you can easily obtain distance measurements with an accuracy of 0.5%.
